

Invitation: workshops educational tools

Get in touch with educational tools that empower the learning and teaching process. On Tuesday 8th May students and teachers of the Erasmus+ project Moby Click will show you how the educational tools work. They will do so in 50-minutes hands on sessions.

The workshops take place at JOMA secundair, Maantjessteenweg 130 in Merksem. Sessions start at 10:20, 11:10, 13:00 and 13:50. Feel free to pick the educational tool and the time that suits you best. The free workshops are part of the Multiplier Event of the Moby Click project.

Moby Click is a cooperation of 4 partner schools from Kinna (se), Michelstadt (de), Nereto (it) and Merksem, Antwerpen (be). The project promotes the use of Technology Enhanced Learning. Website: www.mobyclick.eu
